Project Description:

DPR has been awarded the Design Build contract for the Moffitt Cancer Center CEP Infrastructure Upgrades. DPR has a committed GMP to Moffitt and we will be awarding work for Phase 2 with the pricing of the 100% Construction Documents. Phase 2 includes the renovation of the existing Central Utility Plant to facilitate the installation of new chillers, pumps, and associated equipment. The start dates for this phased scope of work vary by trade and may include multiple mobilizations. Please review the schedule provided.

Please review the DPR Subcontract Documents and Supplemental Information folders for additional exhibits, logistics plans, schedule, insurance requirements, and other subcontracting documents.

Bid Forms/Scopes of work and additional project information will be uploaded to smartbidnet no later than Friday, February 26th.

The following scopes of work are bidding:

- 02A Demolition
- 03A Concrete/Masonry
- 05A Structural Steel
- 07B Roofing
- 08A Doors, Frames, and Hardware
- 09A Drywall/Temporary Walls
- 09H Painting
- 21A Fire Protection
- 31A Paving

A trade partner site visit is scheduled for Wednesday, March 3rd at 9 AM. The site presents some significant logistics challenges and attendance is highly recommended. You must indicate your intent to attend the site visit via email to Cris Monteaux at crism@dpr.com. There is a capacity limit for the site visits and only two attendees are allowed per trade partner. If we reach capacity a second visit will be scheduled. Location, parking directions, and COVID protocols will be supplied via return email upon confirmation of your attendance.

BCH Mechanical will be performing the mechanical and plumbing scopes and Borrell Electric will be performing the electrical scopes of work. If you perform scope in these trades and are interested in speaking with them, please email davewe@dpr.com for contact information.
